1. PROCEDURE

1.1. POSTGRADUATE THESIS RESEARCH SCHOLARSHIP GRANT

1.1.1. Introduction

Green Crescent (i.e., Yeşilay) is a non-governmental organization that is based on human dignity and honor, works indiscriminately for protecting the society and youth from bad habits; fights against addiction such as tobacco, alcohol, drugs, technology, gambling etc. Making use of scientific methods and performs defensive studies against the same; and that conducts preventive and rehabilitating public health activities.

As well as addictions such as tobacco, alcohol and drug addiction that destroy the physical and mental health of youth and society, the objective of Turkish Green Crescent Society includes following targets to fight against all bad habits such as gambling, internet and technology addiction that may be harmful for the youth and society, to raise culture-bound generations. The society adopts the values and principles that are specified as not making any discrimination, looking after one's benefits, autonomy in the activities conducted for these purposes, as well as being scientific, global and social.

Green Crescent activates consciousness, strength and sources of the society in order to fight against addiction as part of the founding purposes and strategic targets. It helps needy people under any conditions, places and time in line with protection of human dignity and honor; makes constant contribution to the development of fighting capacity of the society against addiction, creates essential cooperation and coordination with private and non-governmental organizations as well as national and international organizations and improves cooperative organizations.

Within the scope of Postgraduate Thesis Research Scholarship Grant Program, postgraduate and doctoral dissertation studies to contribute study fields of (i.e., tobacco-cigarette, alcohol, drug, technology, gambling and other types of addiction) Turkish Green Crescent Society regarding fight against addiction will be supported in universities, institutes and research centers. Postgraduate thesis studies to be supported will be directly related to the activities and objectives Turkish Green Crescent Society as well as national targets and strategies for the fight against addiction.

1.1.2. Program Objective

Fight against addiction further includes developing academic publications for the multidimensional fighting areas (i.e., alcohol, tobacco, drug, gambling, technology, and other types of addiction) contained therein. Scientific-based studies to set an example in this field through either national or international activities bear great importance.

Turkish Green Crescent Society supports the students studying in these fields with the scholarships granted for postgraduate thesis studies since 2014 in line with its target of supporting scientific studies, which are conducted as part of fight against addiction.

With "Postgraduate Thesis Research Scholarship of Turkish Green Crescent Society", it is intended to increase the scientific studies regarding addictions and create awareness. It is aimed to add variety to the fight against addiction in Turkey in many fields from health sciences to social sciences; to review international applications and increase academic publications which will create a reference nationally. The fact that academic publications in our country in the field of fight against addiction is not within the desired number prevents developing efficient policies in the fight against addiction and establishing operation mechanisms. In this respect, it is essential to support qualitative and quantitative studies, which will be prepared in many fields from health sciences to social sciences and that are likely to create a reference at national and international level.

Within this framework, Head Office of Turkish Green Crescent Society will support the thesis studies to be conducted by the students in the field of addictions thanks to the Postgraduate Thesis Research Scholarship Grant Program executed thereof.

In order to ensure that more postgraduate students make use of Postgraduate Thesis Research Scholarship Grant Program and Access to those, who perform studies in this field, the applications of postgraduate and doctoral students, who completed the lesson period by the application deadline of scholarship program for the sixth period, will be accepted.

1.1.3. Scholarship Grant to be provided by Turkish Green Crescent Society

The amount of fund, allocated for the postgraduate thesis to be supported within the framework of Postgraduate Thesis Research Scholarship Grant Program is TL 1000 for postgraduate thesis and TL 1.500 for dissertation thesis. Turkish Green Crescent Society reserves the right not to allow use of these funds, allocated for this program, in full or in part.

| Type of Scholarship | Amount of monthly Grant | Total Maximum Grant (Month) |
|---------------------|-------------------------|-----------------------------|
| Postgraduate Thesis | TL 1000 | 12 Months |
| Dissertation Thesis | TL 1.500 | 18 Months |

1.2. TERMS OF APPLICATION AND ISSUES TO BE TAKEN INTO CONSIDERATION

In this chapter; procedures for accepting, selecting and executing the applications as part of scholarship program for the sixth period, are described in compliance with the provisions of "Regulation on Scholarship of Turkish Green Crescent Society" and "Green Crescent Scholarship Program Guide." Applicants hereby agree with the provisions of this regulation as well as any and all issues included in this guide as of the date of application.

Turkish Green Crescent Society reserves the right to cancel this grant program at any stage of the process in case of force majeure. In such a case, applicants may not claim a right from Turkish Green Crescent Society.

Thesis advices, for which an application was made to Postgraduate Thesis Research Scholarship Grant Program may be utilized at any time by Green Crescent for educational purposes and without seeking for the consent of the applicant.

Turkish Green Crescent Society is entitled to publish the dissertations, which are deemed to be proper among the postgraduate and doctoral dissertations prepared by the scholarship holders (i.e., 1.000 pcs.) for once and without any copyrights thereof.

Scholarship holders are expected to prepare a scientific article for the postgraduate and doctoral dissertations to be prepared thereof; the articles, which are considered to be proper are published by Green Crescent on behalf of the scholarship holder in respective media. In the event that the prepared dissertations are to be published in magazines with arbitrators, the scholarship holders are expected to state that 'they conducted their studies with the support of Green Crescent (i.e., Yeşilay). The scholarship holder hereby agrees with the same for receiving a grant.

1.2.1. Qualifying Criteria

There are two fundamental qualifying criteria for the dissertations for which grant will be provided:

- Qualification of Applicants

1.2.2. Type of Application and Actions to be taken

A. Application Form and Other Documents

Applications will be made online through the following address "burs@yesilay.org.tr". Students, who are entitled to receive scholarship grant following the application, will deliver their documents, required for final enrolment to the following address of Turkish Green Crescent Society at "Genel Merkez Ek Hizmet Binası Emekyemez Mahallesi Tersane Caddesi No:114 Karaköy – Beyoğlu / İstanbul" in person or through mail.

Application form regarding the application to Thesis Research Scholarship Grant Program and the annexes therewith are available in full at www.yesilay.org.tr address.

Application Form and other documents must be prepared in Turkish. It is essential to fill in any areas in the respective form during the applications. Furthermore, standard format must be followed while filling in these forms and any current texts must not be deleted or amended. Otherwise, the application made

thereof will be left out of assessment during the preliminary review. Applications made in handwriting and with typewriter will not be accepted. Considering that your applications will be evaluated only on the basis of submitted documents, please fill in pre-application form and other documents carefully and as clear as possible. Other than the documents requested from you, no additional documents will be evaluated. In the event that submitted information is not clear and such circumstance prevents to make a fair assessment, additional description will be requested.

A. Documents to be submitted during the Application

- Scholarship application form
- Student certificate (Current student certificate)
- Transcript (current transcript)
- Language certificate, if any (IELTS, TOEFL, YÖKDİL, YDS, KPDS, UDS etc.)
- Document, prepared by institute which indicates that postgraduate and/or doctoral dissertation suggestion was accepted, Dissertation recommendations, approved by **01.11.2017** and thereafter will be accepted.)
- Detailed CV of the Applicant (publications, academic events, participated by presenting report, if any)
- It is recommended that a reference letter be obtained from thesis supervisor or at least one of the academics from/with whom the applicant take lessons or work together.

As the scholarship assessment process will be executed in stages, the originals of the requested documents will be requested again from the applicants, who won a scholarship grant, in the next stages of the evaluation. In this context, essential information is listed in the foregoing application link. It is essential that all of the documents in question must be included in the application so that the application would be valid.

As the applicants, who are entitled to receive scholarship grant, will be requested to submit the originals of these documents at the stage of signing of the agreement, it is suggested that related documents be kept until the period of execution of the agreement.

1.3. EVALUATION PROCESS

Independent evaluators will be appointed by Turkish Green Crescent Society in order to determine the applicants for whom "Turkish Green Crescent Society Postgraduate Thesis Research Scholarship" will be granted. The documents of the applicants, who meet the terms of application and that have made their applications in compliance with the requirements will be sent to the independent evaluators so that the same could be evaluated. Applications qualified for administrative and technical assessments will be submitted to Executive Board of Green Crescent (i.e., Yeşilay).

The Executive Board will determine the applicants who are qualified for the scholarship among the applications which meet the conditions and for which compliance of corporate culture is taken as a basis and the applicants are announced on the internet site. The names of the applicants who are not qualified for Postgraduate Thesis Research Scholarship are not announced.
